CLIPS, SCREWS and JOISTS

Stainless steel clips and screws are used to easily fix the boards to the joists. You can choose either aluminum SMART or WPC joists.

Large joist: 50 x 50 x 3000/4000 mm, 2,3 kg/lm

Small joist: 50 x 30 x 3000/4000 mm, 1,4 kg/lm

SMART –ALUMINIUM FIXING SYSTEM

The SMART system offers all the necessary components to assembly your decking – joists, clips and other fastening material.

Joist 23: 23 x 35 x 4000 mm, 0,39 kg/lm

Joist 40: 40 x 42 x 4000 mm, 0,67 kg/lm

Joist 75: 75 x 40 x 4000 mm, 1,10 kg/lm

INFORMATION ABOUT THE MATERIAL

WoodPlastic® material combines wood (60%) and a high quality, non toxic HDPE polymer (40%) at just the right ratio. The material is highly resistant toward rain, snow, frost, UV, salt and chlorinated water.

MANUFACTURED IN EUROPEAN UNION

WoodPlastic® products are made in the European Union.

UP TO 25 YEARS WARRANTY

We trust in our Woodplastic® products. That's why we provide a warranty lasting up to 25 years.

ANTI-SLIP SURFACE

WoodPlastic® decking has an anti-slip surface, and unlike wood, it never splinters.

NO PAINTING

WoodPlastic® decking requires no waxing or oil coating.

ECOLOGY – PVC FREE

WoodPlastic® decking do not contain PVC and are 100 % recyclable.

7 REASONS WHY YOU SHOULD CHOOSE DECKING TERAFFEST®

YOU SAVE BOTH TIME AND MONEY THANKS TO THE DECKING'S LOW MAINTENANCE REQUIREMENTS. IT REQUIRES NO WAXING OR OIL COATING.

MADE IN THE EUROPEAN UNION.

ENVIRONMENTALLY FRIENDLY, 100% RECYCLABLE MATERIAL, PEFC - ENVIRONMENTAL CERTIFICATION.

THE DECKING HAS A SOLID PROFILE WITH COLOR COVERING THE ENTIRE SURFACE. THE DECKING IS ALSO COLOR RESISTANT MEANING ITS QUALITY WON'T CHANGE OVER TIME.

SAFETY IS GUARANTEED BY THE DECKING'S ANTI-SLIP SURFACE, WHICH NEVER SPLINTERS. A SAFE, HIDDEN FASTENING SYSTEM IS ALSO INCLUDED.

THE PRODUCT IS RESISTANT TOWARD RAIN, SNOW, FROST, UV, SALT AND CHLORINATED WATER.

ITS SURFACE IS ATTRACTIVE AND PLEASANT TO THE TOUCH.
